EXPERIENCE

GRM Information Management Services / VisualVault

Marketing Coordinator (Marketing Operations) | Mar 2025 - Jun 2026

Jersey City, NJ | Hybrid

- Ran 50+ Engagement Studio workflows in Salesforce Account Engagement, from audience setup through launch and follow-up. Built HTML emails, maintained matching plain-text versions, and sent proofs to check content and rendering.
- Screened prospects using Salesforce and ZoomInfo. Built Salesforce reports on email opens, link clicks, and opt-outs and reviewed results with Sales to inform later outreach. Checked lead sources, UTMs, and routing, and cleaned up campaign membership.
- Built an AI-assisted workflow with Zapier and the OpenAI API to classify campaign replies, schedule follow-up in Account Engagement for prospects who asked to reconnect, and notify Sales of interested replies.
- Built WordPress and Elementor pages from approved designer mockups. Made HTML, CSS, and SEO updates, published and checked pages, and brought blog writing in-house.
- Built a Google Apps Script workflow that extracted invoice details into Google Sheets, removed duplicates, and updated budget tracking only after I reviewed and confirmed the changes.
- Trained two coworkers on workflows including Engagement Studio, ZoomInfo list building, and invoice processing. Prepared instructions, demonstrated tasks, and reviewed their work.
